

Using Prescribed Fire as a Management Strategy in the Turnbull National Wildlife Refuge

April 14, 2015

9:30am—3:00pm PST

Mike Rule, Wildlife Biologist, will be our host and take us on an interesting tour through the [Turnbull National Wildlife Refuge](#). Management strategies developed for Turnbull NWR call for the integration of a variety of techniques to restore natural stand conditions, reduce hazard fuels and improve wildlife habitat.

Meet at...

Turnbull NWR Headquarters
26010 S. Smith Road
Cheney, WA

Please bring a lunch!
